KNOWLEDGE SOLUTIONS

Video:

Description:

Today's associations must look beyond member dues for additional sources of revenue. Savvy organizations are strengthening their continuing education programs to generate growth. Meridian's award-winning LMS allows associations to share knowledge, increase revenue streams and manage compliance requirements for their members.

Meridian LMS allows you to create, catalog, manage, track and report on all learning activities with ease, including online, instructor-led and video-based courses plus SCORM, AICC, and xAPI compliant eLearning.

With Meridian LMS you can also:

- Notify members of due dates to maintain certifications, licenses, and accreditations
- Integrate with existing technologies, such as association management systems, and business solutions

- support multiple payment gateways, member/non-member pricing and discounts via flexible eCommerce functionality
- Manage your complex accreditation requirements with ease

Meridian has been chosen by leading member organizations including NASAWA, Northwest MLS, Auto Club Group, LOMA, LIMRA RAPS and The Society of Actuaries. Meridian is headquartered in the Washington DC metro.
